

Getting to Know Autodesk Account – Reporting

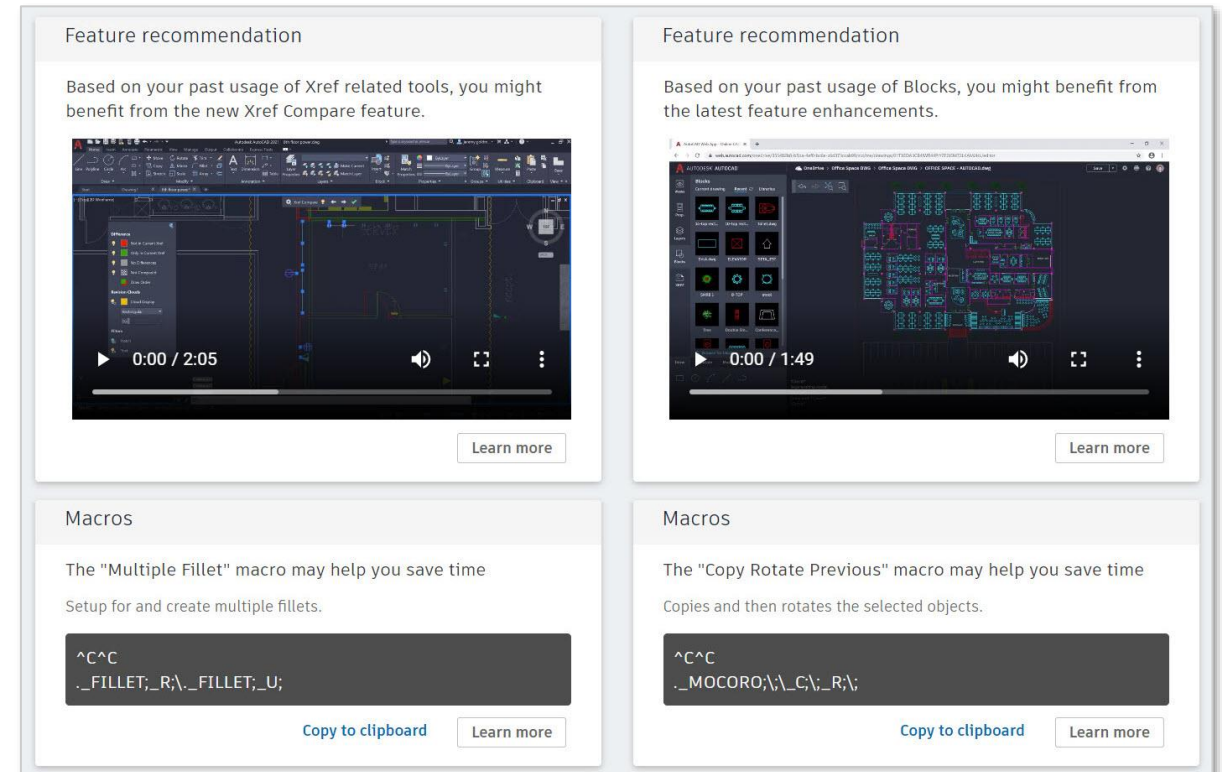

Insights

The **Insights** option directs you to a page where you will be presented with recommendations based on your software usage. In order to receive insights, you must opt-in to data collection in Autodesk Account and your Autodesk software. Additionally, you must be using the software regularly so that data can be compiled and insights gained.

Cloud Services Usage

The **Cloud Services Usage** option directs you to a page that lists your cloud credit usage and available A360 storage, if applicable to you.

Cloud Services Usage

Individual Cloud Credits

Individual Usage
As an assigned user you get 100 individual cloud credits.
